## November Editing Assignments

Mr. Thams' Class

Directions: Below you will find a paragraph with many editing mistakes. When you find them you need to circle them and **ABOVE** each mistake you need to write how you would fix it to make it correct. Remember that if you circle something that is actually correct that will also be counted wrong. You may always fix your mistakes and turn the paper in again for a better grade.

### The Slinky

what walks down stairs alone or in pears and makes a slinkity  
sound. The Slinky has been a favorite toy since it's introduction on  
November 26 1945. Engineer Richard James was performing an  
experiment with tension springs when one fall to the ground and  
began to "walk." That gave James' an idea! His wife, Betty came  
up with the perfect name for the new invention, Since then more  
than a quarter of a billion Slinky toys have been sold.
